

Step 1. Navigate to Propio Link

From within Propio ONE, users must navigate to the Propio Link Tab located on the left side of the screen.

Step 2. Provide the meeting session link

A screenshot of the Propio Link interface. It features a text input field with the placeholder "Paste your meeting invite here" containing a Zoom meeting link: "https://us05web.zoom.us/j/87815446803?pwd=XEo4LDNFeMThUj24JeSs6T8Aer933J.1". Below the link is a dropdown menu currently set to "Spanish". At the bottom, there are two buttons: "CANCEL" and "INVITE INTERPRETER".

The meeting host or attendee will need to paste the link from the meeting and select the language.

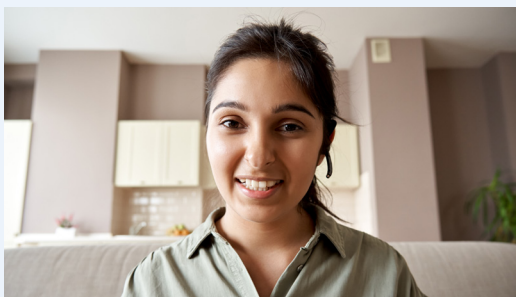

Step 3. Invite the interpreter

You have been connected to an interpreter. Thank you for using Propio Link.

Please monitor the video application that provided your link. The interpreter could be waiting in the meeting lobby requiring access to join your session.

Once an interpreter has accepted the call, Propio Link will then provide confirmation.

Step 4. Return to meeting session

Once admitted, the on-demand interpreter will join the virtual meeting session and begin interpreting.
